

Product Information

AGOLIN NATURAX

Description:	AGOLIN NATURAX is a blend of flavouring compounds for animal nutrition, designed for all animal species. Appearance: brown Structure: non-dusty powder Odour: rosemary like
Active ingredients:	AGOLIN NATURAX is a carefully balanced combination of essential oil compounds in their natural form, GMO free. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Carrier materials:	All carrier compounds of AGOLIN NATURAX are natural and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Mode of action:	AGOLIN NATURAX helps to optimise feed intake and digestive functions and has high antioxidative effects.
Utilisation:	For feed production only.
Recommended dosage:	400 – 700 mg /kg DM of feed for calves 250 – 500 mg / kg of feed for pigs and ruminants 200 - 400 mg /kg of feed for poultry
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN NATURAX in plastic or plexiglass containers.
Expiry date:	18 months after production.
Palatability:	At the recommended dosage AGOLIN NATURAX is readily accepted.
Compatibility:	AGOLIN NATURAX is compatible with other commonly used feed additives such as enzymes, acidifiers, probiotics, etc.
Tolerance:	At three times the recommended level, feed intake might be reduced.
Safety for non-target animals:	In case of accidental access to non-target animals, AGOLIN NATURAX presents no particular risks.
Packaging:	AGOLIN NATURAX is available in 25 kg cardboard boxes with a polyethylene inner bag.
Quality control:	AGOLIN NATURAX is subject to a strict quality control procedure before release for distribution.

Product Information

Health and safety data sheets:

Available upon request.

Legislation:

For EU countries, AGOLIN NATURAX complies with the Regulation (EC) 1831/2003 on feed additives and the legislation concerning the undesirable substances and products in animal nutrition.

AGOLIN NATURAX is classified as "premixture of flavouring compounds" (sensory additives).

All flavouring compounds used in AGOLIN products are listed on the Register of Feed Additives pursuant to Regulation (EC) No. 1831/2003.

For the United States, all flavour ingredients contained in AGOLIN NATURAX are FDA approved.

Nov 2019
